

# altogether friends child care center

## Attention all parents

This letter is to inform you that beginning January 1<sup>st</sup>, 2017, all over the counter medication (for example: Tylenol) will not be administered to your child without written approval and dosage amount from your child's pediatrician. This is not our rule but a mandated rule from the state of Pennsylvania's Office of Child Development and Early Learning.

I have read, understand and agree to all the above information.
